UPC NUMBERS

The number listed in the UPC Number column is a universal industrial code number where the first six digits identify the manufacturer and the last five identify the product.

Parent Catalog Number Index

This index will help speed up the process of obtaining list prices, discount symbols, availability codes and UPC numbers for known specific Cutler-Hammer® brand Catalog Numbers.

While there are over 100,000 unique Catalog Numbers, all of them are extensions or variables of a "Parent Catalog Number."

In the Parent Catalog Number Index on your right, you can quickly locate the Parent Catalog Number, along with the associated page numbers for most of our Catalog Numbers. In many cases, just knowing the first letter or number will enable you to turn to the listed series of pages where you can then find the specific Catalog Number using the standard alphanumeric system.

If you cannot locate a Catalog Number, please check your Vista or VISTALINE system.
